

WELCOME TO APEX INVESTMENT LIMITED

We never invest in a business we do not understand

Our methodology is based on in-depth study of individual companies. We exploit opportunities between market price, overlooked catalysts and poorly understood long-term competitive advantages.

Investment Management

The Company established the Investment Management division formerly known as Principal Investments and began its evolution into a leader in alternative investing. Investment Management leverages the Group's expertise, network, and financial strength to seek attractive risk-adjusted investment opportunities across global markets and sectors.

Hit your investment targets with the right approach

Once you have identified your investment targets, you can put your cash into different asset classes and construct a portfolio based on your risk tolerance. The idea of asset allocation is to include equities, bonds and other investment tools in a basket. Since different investment vehicles come with different risk-return profiles, asset allocation is never easy.

Generally, the higher the potential return of an asset class, the higher the risks it carries.
